

THINSET®

Paradigm® pump users
now have a choice in
infusion sets

1.8 AND 3.0 ML INSULIN RESERVOIRS

MODEL 332A
3.0 ML RESERVOIR

MODEL 326A
1.8 ML RESERVOIR

order # 3070

order # 1850

When we asked Paradigm users what they'd like to change about their pump, they told us they wish they could use other infusion sets with it.

Now their wishes have been granted...

The new 1.8ml and 3.0ml THINSet reservoirs from FIFTY 50 Medical are designed to replace MMT 326A and MMT 332A reservoirs for Medtronic MiniMed insulin pumps and feature a Luer fitting that allows the use of any standard infusion set.

Now that your customers have a choice, give them the right choice. Give them FIFTY50.

FIFTY50® MEDICAL

Half Our Profits Fund Diabetes Research

1420 Valwood Parkway, Ste 160
Carrollton, Texas 75006 • 800-304-7293

www.FIFTY50.com

You might recognize the name FIFTY 50 from the food products we make especially for people with diabetes and our pharmacy division. Now, FIFTY 50 Medical brings you high-quality medical products designed especially for people with diabetes. And — like our sister companies — half of our profits are donated to diabetes research. Since 1993, the FIFTY 50 organization has contributed over \$11 million to this important cause... *and we won't stop until a cure is found!*

Paradigm is a registered trademark of Medtronic MiniMed. FIFTY 50 Medical is not owned by, or affiliated with, Medtronic MiniMed.
